Hello everyone,  
Well, these governance document changes have stimulated more discussion than we've seen in a long time in our the neighborhood.

To give us an opportunity to talk together - we've booked the City Church, 2801 Jay Rd. for an in-person forum on Sept.13, 7:00pm. This meeting will be for reviewing the process, comparing the existing documents with the proposed ones, and the need for changes. Kelly McQueeney, the attorney who specializes in Colorado HOA law that we've retained to advise us in the process will be there, as will board members, and most of the governance sub-committee who helped navigate and write, and re-write the changes. We hope you will join us. Christine Mullen is making cookies to share!

This will be an open, moderated discussion. We are a community and intend to further build our community through this process. This board that I've served on for 8 years is solidly behind doing what's best for the neighborhood, as I am. Thank you for the many ways you've contributed to the positive experience I've had on the board, along with my fellow board members.

Hope to see you there!  
Lisa Jensen  
VP, OOHA Board
